THE NON-LINEAR CAREER PATH

Embrace Cross-Functional Agility:
Transition between roles to build a holistic
understanding of the business.

Value International Perspective:
Working across different markets
builds resilience and agile thinking.

IRELAND:
Smaller,
Agile Teams
(Ideal 'test
market' for
innovative
ideas)

AUSTRALIA:
Dynamic &
Field-Focused
(Excellent for
building
networks and
credibility)

UK:
Large Scale &
Management
(Focuses on
complex
partnerships
and large-team
management)

Seize Non-Perfect Opportunities:
Put your hand up for roles even when the
timing or experience level isn't perfect.
